Helping Children's Workers in India

One of the greatest challenges to Gospel ministry is that of reaching the more than 500 million children of India. The numbers are vast and the diverse languages and cultures present real obstacles in providing an effective ministry. We are very thankful to have opportunity to have a small part to play in ongoing gospel outreach to children in India. CEF has many workers all over the country doing a great work. Such workers need resources to enable them to teach Biblical truths. Help is provided to them and many others through our partnership with INDIA BIBLE LITERATURE based in Chennai. For some years we have been working with this indigenous mission to have many of our publications translated and published in various languages.

Recently 5 new titles have been translated and published in Tamil, Telugu and English. These books help give more understanding of the work to be done in reaching children with the gospel. The books help the reader to understand the 'Principles of Teaching' and gain insight in how to teach the doctrine of 'Justification' Additional help in a book called 'Smooth Sailing' shows how good it is for workers to serve God with humility and good personal

relationships. Other books provide encouragement for what is often a difficult task 'Obedience to the Heavenly Vision' and 'Problems of a Children's Worker and God's Solution' These books were distributed in a series of one day conferences taught by Terry & Wilma Flannigan in the cities of Chennai, Velore and Vijayawada. early in 2020. The theme of the conferences was 'Going Deeper in Children's Ministry' In each location large numbers attended and many expressed appreciation for the help given. Our publications are available in India through IBL - www.iblministries.org

We believe that the help given and well used, will strengthen the work that is going on to enable the children of India learn of the Saviour. We thank God for the many hundreds of children's workers who are today reaching out to the children of India with the Gospel. The need has never been greater especially now that Covid 19 has impacted so many lives. Do pray for the land of India.

"Lift your hands to him for the lives of your children" Lam 2:19

The 'MiniMag' for Children's Workers

A new initiative has just been launched on our web site. 'Mini Mag' is a monthly 4 page digital resource designed to give insight for a Biblical ministry to children. Written by Sam Doherty short and easy to read articles provide practical lessons on how to teach and evangelise children, discover more on the Bible's teaching about children and answers to questions that readers may have. Additional sections are 'The Hall of Fame' remembering children's evangelists of the past. Short devotionals enrich the reader spiritually. Here is a valuable tool to help and encourage children's workers around the world.

You can download this 'Mini Mag' from our web site

www.CEFBookMinistry.com and register to receive it at the 1st of each month - free of charge. Do inform others of this 'mini mag' by passing the word around.

In General

The past number of months have seen new publications being translated and printed in Poland, Serbia, Nepal and Myanmar. Our contacts in each country have worked hard to provide help to many hundreds in their own language. The publications include visualised doctrine lessons which put tools into the hands of those teaching Bible truths to children in these needy lands.

We have also supplied CEF Philippines with 3,000 sets of visual lessons for use in their schools outreach. These were printed with the help of Revival Movement Association here in N Ireland.

We have a new agreement with RMA to print and distribute many of the visualized doctrine lessons in various languages including Spanish and French. This will enable many to engage in more in depth teaching of Bible truths.

Gifts to support the work of the 'ACEW Trust' can be sent to:- Terry Flannigan, 13 Baylands Third Ave, Bangor, BT20 5JX
Tel: 07803008014 Email: TFACEW@aol.com

Cheques should be made payable to 'Assisting Children's Evangelists Worldwide' The trust is a registered charity - NIC 103444

Appreciation ...

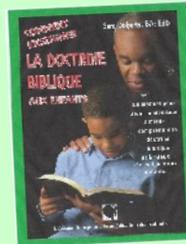

"Thanks for the excellent resources you sent free of charge. We organised a children's Bible club in our back garden and 19 children came. Your resources have been invaluable, so thanks very much." N Ireland

I would like to inform you that I had already received the books you've sent. Thank you so much! Those books really helped me a lot. Not just on teaching children, but also on evaluating myself as a teacher. God Bless you and your ministry as well. To God be the glory! Philippines

I'm glad to inform you that I received on 26th July, the box of precious books on child evangelism. The books titled "Salvation-The Gift of God" and "Growth-The Plan of God", along with the visuals, are priceless and soul-lifting for the huge potential they are capable of unleashing in the minds the children in our fellowship. I promise to make good use of the profound lessons to bring the children closer to God through better exposition of the Word of God. Ghana

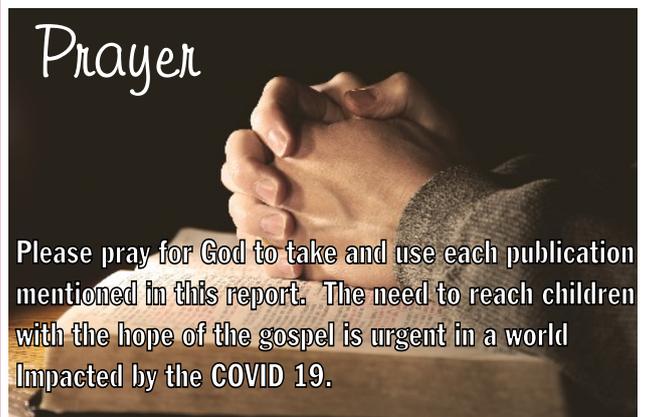

Tu parles Français ?

We have provided a new service for those in the French speaking world with the addition of a French page on our web site. Ten titles are available to download providing resources especially for the many Francophone countries of Africa. Pray that many will be able to make the most of this new resource.

Work is also being done to provide more visualized lessons in French.

Prayer

Please pray for God to take and use each publication mentioned in this report. The need to reach children with the hope of the gospel is urgent in a world impacted by the COVID 19.

The Assisting Children's Evangelists Worldwide Trust is dedicated to helping those who want to teach boys and girls the truths of God's Word.
